

## Action Plan – Unit 3

Following each workshop, you are asked to complete a brief Action Plan based on your learning. This could cover things that you will do differently, or more of, in your role as a Governor or contain proposed actions for your Board as a whole.

It will be for you to work with your fellow Governors to translate your Action Plan into practice for the benefit of your school and its students.

For this workshop, you might wish to consider any of the following:

- School improvement
- Using school data
- Holding leaders to account and providing effective challenge
- Pupil Premium and tackling disadvantage
- An employer of choice?
- Safeguarding: Governors' role
- External accountability
